

# Alexander Kondratenko

UI/UX DESIGNER

[iamkondratenko.com](http://iamkondratenko.com)

Experience designer of 7 years, whose working ethos is to follow and improve current trends in design and front-end development. My skill sets are in UI/UX research, as well as analytics including e-commerce, wireframe and designing websites along with mobile applications

## UI/UX SKILLS

Tools used by a designer is of the utmost importance in designing.  
I have experience in following applications

Photoshop

Axure

Sketch

Illustrator

Figma

## TECHNICAL SKILLS

I consider it important for the UI/UX designer to understand the technical side,  
so I would like to mention my knowledge in following technologies

HTML5

CSS3

Java Script
